Summary

Full Stack Developer with JavaScript, React, and Node.js experience. Built secure web and mobile apps that load quickly, handle high traffic, and boost user engagement.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, SQL, Python, C++
Libraries/Framework: Node.js, React.js, React Native, Expo, Next.js, Mongoose, Tailwind, Express.js, GSAP, Three.js, TensorFlow.js
Cloud/Databases: MongoDB, Firebase, MySQL, PostgreSQL, AWS
DevOps & Tools: Git/GitHub, CI/CD (GitHub Actions), Docker, Figma, Adobe Photoshop
Area of interest: Web Development, Machine Learning, Cloud Security, 3D Animation

Professional Experience

OwoHQ March 2025 – Present
Web Developer

- Built a React-based Admin Dashboard to centralize internal operations like fetching and displaying all users and campaigns in dynamic tables with filtering, and sorting.
- Enabled critical admin actions directly from the dashboard, including campaign and user suspension, and transaction reviews, streamlining operational workflows and reducing manual overhead.

Sublime Designs and Construction Agency January 2024 – May 2024
Front-end Developer

- Built a responsive React website to showcase projects and include a contact form.
- Cut mobile load time by 42% by implementing image optimization, code splitting, lazy loading, and minifying CSS/JS assets.

Projects

Glyph-SDK April 2025
Node.js | Git | NPM

- Built and published an SDK on NPM to provide external developers with easy access to Glyph blog data.
- Implemented error handling and clean class-based architecture to ensure developer-friendly integration.

Glyph-CMS March 2025 - Present
Next.js | AWS | Tailwind CSS | MongoDB

- Built Glyph, a CMS platform for managing and publishing blogs.
- Built a backend to support scalable blog data storage and fast retrieval using MongoDB and AWS.
- Designed a rich text editor, blog preview modes, and live publishing features.

Vertex Bank July 2024 – September 2024
React | MongoDB | Geo-location | Node.js

- Secure online demo banking platform that integrates NIN verification and geo fenced transaction checks, mitigating fraud risks.

Education

B.Eng. Mechanical Engineering 2019 - 2024
Kwara State University, Ilorin

Certification

Backend Engineering and APIs July 2023
FreeCodeCamp
